Welcome to WordWorld, a colorful, word-rich place where friends have fun and meet challenges through word play. Each episode of WordWorld is a fun narrative built around a wacky troupe of WordFriends™, who are characters first and words second. Shy Sheep loves to pretend; cautious Frog is the brainiac and word "expert"; impetuous Duck is still learning his letters (and social skills); gregarious Pig lives in the moment; pragmatic Ant is always on the go; affable Dog is a WordFriend's best friend. Words come alive, words save the day, and words become a child's best friend in this 3D animated series. Learning to form words has never been this fun!

One year off-air recording rights.
