

Doctor of Experiments

By chad nashnik - Kyrans

I am a Doctor of Experiments.

This is Robonic the Robot.
I test my experiments on him.

For my first experiment I made a drink that would make people feel better. I mixed cherry bubblegum, strawberry lipstick and tissue with warm milk.

I gave it to Robonic in a cup to sip.
He made a sour face and spit it out.
Robonic said it didn't make him feel
any better.

Next I mixed apples, potion, and grape juice together to make special fruit drops. I gave one to Robonic.

Robonic made a smiley face and
said it made him feel good.
And that made me feel good too.

The End
